

In order to expand students' international vision and enhance their international outlook, students are encouraged to go to foreign contracted universities for study and research; NCKU holds an on-campus selection of university-level exchange student programs in the first and second semesters of each academic year. The period for each application is one semester.

Application Guide and Announcement for Fall Semester 2024 ([Download](#))

	Exchange Period	Fall semester 2024(1 semester)	TBD

Reminders for the applicants:

1. Before filling out the application form, applicants should check whether the partner university offers programs in the same or similar fields and meets the exchange school's eligibility requirements (e.g., GPA, foreign language proficiency, need for specialized knowledge, and nationality). Applicants are also required to confirm that the partner university offers enough elective courses and that the applicant's language ability is sufficient to take the minimum number of elective credits required by the partner university. If, after the announcement of the NCKU nomination selection list, there is no suitable department or program at the exchange partner university, the International Office will not re-allocate the partner university and will cancel the applicant's qualification, and the NTD 8,000 deposit will not be refunded. Please make sure that you have reached a consensus with your parents, class tutor, supervising professors, or department heads before uploading your application information.
 2. Please double-check the application form and make sure all the choices are keyed in correctly before submitting it. Applicants are not allowed to request for changes or replacements for any reason. Applicants who request to make changes unreasonably will be disqualified.
 3. Once the applicant has submitting the confirmation of acceptance, applicant is not allowed to give up his/her exchange status without any reason; if applicant has such a case, he/she is not allowed to ask for a refund of the deposit, to apply again for participating in the exchange or short-term exchange programs organized by the Office of International Affairs, or to apply for the International Affairs Office's overseas related scholarships of the same semester.
- Please read all the detailed regulations before applying. If you have any questions about the rules and regulations, you can discuss them with your Taiwanese friends, staffs in the department office or us.
 - In the event of any inconsistency between the English and Chinese version, the Chinese version shall prevail.
