The reservation system does not even have an English version.

International students cannot access the volleyball and basketball courts.

Each day, these courts are ‘booked’ out by other department teams or groups that are usually only Taiwanese students.

“International students often find it difficult to join in on these games and are sometimes told **no** when asked to play. We usually have to wait on the weekend to access the courts and then we still have to compete against local students and also adult visitors who come to play on the court.”

WE NEED SUPPORT FROM NCKU OIA.

THANK YOU ALL FOR COMING. LET'S MAKE NCKU BETTER.
